

ROCKY MOUNTAIN PHOENIX

EMERGENCY VEHICLES, EQUIPMENT & SERVICE

BRIDGING THE GAP

Fire Hunter® USA

HAIX® Secura Liner®: Footwear inner liner which will never pull out or wrinkle up over time; lining is firmly secured and sealed along with the upper leather beneath the sole.

HAIX Sun Reflect Leather: Reduces the heating effect of the upper leather. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

HAIX Climate System: Permits air circulation with every step - moist air is released and fresh air comes in through the vent holes at the top of the boot.

HAIX MSL System: Micro Soft Light: PU foam injected throughout the sole for greater shock absorption and cold/heat insulation; extremely low weight.

Protective Toe Cap: Anatomically formed and well-padded steel protective toe cap to meet ASTM 2413-05 and CAN/ CSA Z195-2009 standard for personal protection - protective footwear.
